Visitors driving to the BT Convention Centre will find accessible parking available in the adjacent car park, although it is not free for Blue Badge holders. There are 10 dedicated disabled spaces on each floor for the ease of visitors. Please note that these spaces are on a first come first served basis. Lifts in the car park feature a mirror to aid reversing out of the lift and have both visual and audible floor indicators. Stairwells are clearly marked and have handrails on both sides. The route from the car park to the entrance is accessible for wheelchair users, although assistance may be needed as the route does include some ramps.

Visitors may also be dropped off on the river side of the building at our designated "Drop Off Point" for coaches and taxis. There is a ramped access to the Riverside entrance doors.

Designated cycle bays can be found on the Riverside entrance (road level) and on the ground level of the multi storey car park situated on site.

Venue Access

The venue is accessible via access ramps from both the city, car park and taxi drop off point. All steps have designated support railing for assistance. Access to the Galleria (main entrance level for the BT Convention Centre) is situated on the same level as the exit from the car park. The entrance doors are double automatic door and are always staffed when an event is taking place. The Galleria flooring is slate.

Our Visitor Services Desk is situated on the Galleria level, this is the main reception point for the building and also can provide local information, taxi bookings etc for delegates. Also on the Galleria is the E-On Business Centre and Heathcotes café.

There are two lifts which are available from the Galleria to both the Upper and Lower floors. Each lift has an accessible width of 1300mm and visual and audible floor indicators. There are also escalators which can be used to reach the other levels, stewards are situated at both the top and bottom to assist delegates.

On the main conference level all rooms are on the same level and stewards are positioned to assist disabled delegates. The conference level lighting is bright and there are contrasting colours to assist with navigation and for access doors. The conference level is all carpeted. The lower level is also all on the same level and is fully carpeted.

In Hall 1 (main auditorium tiered seating) there are 12 designated spaces for wheelchair users and assistants, these spaces can be used for assistance dogs. Hall 1 is also accessible on two different levels with the lower level having level access to the main stage.
