Climate Cymru's Purpose

Pwrpas Climate Cymru

To apply democratic pressure on the Welsh and UK Governments to make meaningful, evidence-based and fair commitments at COP26.

Basic principle

Egwyddor sylfaenol

I believe the climate and nature emergencies require urgent action. These actions should be guided by the best available evidence and the voices of people across Wales.

A LIFE ON OUR PLANET

David Attenborough's work includes iconic productions, from the ground-breaking Zoo Quest series to landmarks including Life on Earth, The Living Planet, Planet Earth and Our Planet. His latest contribution is A Life on Our Planet, a feature documentary which he describes as his 'witness statement'.
