JOIN THE LOBBY OF PARLIAMENT IN LONDON WEDNESDAY 2 NOVEMBER

WORKING PEOPLE HAVE HAD ENOUGH – EVERYTHING'S GOING UP BUT OUR WAGES.

The government has failed to deal with the cost-of-living emergency.

They sat back while living standards plummeted. And now they prioritise tax cuts for the rich, attacking trade unions and cutting rights at work.

It's time for a new deal for working people. We need a real pay rise for every worker, starting with a £15 minimum wage as soon as possible and more help with bills. It's time to ban zero-hours contracts and end fire-and-rehire.

Only working people can deliver change, so let's take our demands to Parliament. On 2 November, in London, let's tell our MPs – **we demand better.**

#DemandBetter
tuc.org.uk/2november

WE DEMAND

1. A £15 minimum wage as soon as possible
2. A real pay rise for public sector workers
3. Ban zero-hours contracts and stop fire-and-rehire
4. Cut energy bills and nationalise energy retail
5. New union bargaining rights for whole industries – protect the right to strike
6. Hike universal credit and pensions
7. Raise women's incomes and stop workplace racism.

And more than that: we demand a government that listens and acts to support working people.

FIGHT FOR £15

It's time to put an end to low-pay Britain. Join the campaign for a £15 minimum wage as soon as possible and sign our petition here ►

JOIN A UNION

More than six million workers in the UK are in a union – from nurses to pilots, actors to lorry drivers. Find the right union for you here ►
