

EVERY WORKER NEEDS A UNION

There has never been a more important time to join a trade union.

When a group of workers act and speak together, their employer has to listen. That's how unions make things better at work.

Recently, workers have faced a global pandemic and an unprecedented cost-of-living crisis.

Unions have responded by winning pay rises, protecting jobs, making workplaces safer, tackling racism and stopping people being treated unfairly.

Every worker needs a union. **Join one today.**
