

**WE ARE
MACMILLAN.
CANCER SUPPORT**

TUC North East, Yorkshire
& Humber (NEY&H)

Highlights of 10 years of Partnership with the TUC

Prepared by:
Val Evens

Over the past decade, our partnership with the TUC has provided vital support to individuals and families affected by industrial illness and injury.

Together, we have delivered specialist advice, secured life-changing financial gains, and ensured that clients and their families received the recognition and compensation they were entitled to.

FINANCIAL ACHIEVEMENTS

£17,061,127.62

In confirmed awards of compensation and benefit payments

An additional **£2,559,169.00** assumed as successful (but not confirmed by clients).

Of the confirmed total, **£7,801,925.90** was secured through the Pneumoconiosis Worker Compensation Scheme.

This 10-year partnership with the TUC has delivered significant outcomes, not just in terms of financial gains, but also in ensuring that thousands of clients have had access to trusted advice and support at the most difficult times in their lives.

The work has demonstrated the real impact that strong partnership working can have on individuals, families, and communities.

CLIENT SUPPORT AND CASEWORK

1938 cases dealt with over 10 years

2514 appointments carried out, with 49% of these being Home Visits and 51% being telephone appointments

Telephone appointments were introduced during the global pandemic and proved critical to us being able to continue to offer support during the lockdowns and changing national guidelines

INDUSTRIAL INJURIES SUPPORTED

1288 Mesothelioma & Epithelioid Mesothelioma

626 Asbestosis Cases

340 Pleural Thickening cases

338 Lung Cancer

REFERRALS

132 clients referred to our panel solicitors for further support between 2020 and 2025..

Earlier referral data (prior to 2020) was not recorded systematically, but the introduction of new systems has allowed us to track this more accurately in recent years.
