## Why UNISON?

UNISON is the UK's largest public service union, serving more than 1.3 million members. We stand for low paid workers (the majority of whom are women) in the NHS, local government, education, justice, utilities and more.

We are a values based organisation and we believe in democracy. Every member has a voice, and our structure is built so they can influence decisions.

## What does it mean for me?

- You'll be part of a team that values your voice and your experience.
- Your professional growth matters to us: training and development aren't extras, they're part of who we are.
- You'll work in an environment where what you do contributes to the lives of low paid workers everywhere - you will make a difference. Every day the impact of your work will help shape better workplaces for our members.
