Targeting climate change: A TUC Education workbook for trade unionists

Unions are now the real green champions in the workplace. This workbook is a resource for all trade unionists, and is a companion to *Go Green at Work*, but it has been designed especially for use on TUC and union courses. The mixed format brings together facts and figures, case studies and comment with tasks and activities for course groups. It is a useful source of information, an aid to discussion and a stimulus to working for greener workplaces everywhere. Prices **per copy** for this 132 page, A4 size publication are:
