Why is the government trying to stop union health and safety representatives doing their job?

Days lost through injuries or illnesses caused by work: 28.2m
Days lost through strike action last year: 0.8m
Union safety reps reduce serious injuries by 50%

The Trade Union Bill will:

⚠️ Allow the Government to restrict the time off that health and safety representatives in the public sector are entitled to take.

⚠️ Make it more difficult to take action against employers who risk the health and safety of workers.

⚠️ Reduce the ability of unions to campaign on health and safety issues.
